Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of
MGIC Investment Corporation Profit
Sharing and Savings Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the MGIC Investment Corporation Profit Sharing and Savings Plan (the "Plan") at December 31, 2004 and 2003, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of Asset and Liability Statement, Income and Expense Statement, and Assets (Held at the End of year) are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MGIC INVESTMENT CORPORATION PROFIT SHARING AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The MGIC Investment Corporation Profit Sharing and Savings Plan (the "Plan") was established effective December 1, 1984, for the purpose of providing profit sharing and savings plan benefits as well as to add a "cash or deferred arrangement" qualified under Section 401(k) of the Internal Revenue Code of 1986 (the "Code"), effective January, 1986, to eligible employees of MGIC Investment Corporation (the "Company") employed on or after that date.

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan Agreement and the Summary Plan Description for more complete information.

General. The Plan covers employees of the Company. Employees are eligible to participate in the savings Plan components of the Plan on their first day of employment.

Contributions. Employer profit sharing contributions are determined by the Board of Directors of the Company. Such contributions, if any, are made on an annual basis. Participating employees of the Company may make voluntary contributions, through payroll deductions, on a before-tax basis (401(k) contributions), limited to the lesser of \$13,000 and on an after-tax basis, limited by the \$41,000 defined contribution limit from all plan contribution sources. Participant contribution amount changes are effective January 1st, and July 1st. Additionally, participants age 50 and older, may contribute catch up before-tax contributions (\$3,000 for 2004) after first contributing the 401(k) annual maximum. A matching employer contribution is made on employees' before-tax contributions at a rate of 80% of the first \$1,000 contributed and 40% of the next \$2,000 contributed. Employer profit sharing contributions are allocated to the individual participants' accounts in the ratio of the individual participants' compensation to the total of all participants' compensation.

Participants are allowed an election to allocate contributions to the MGIC Common Stock Fund, First American Bond Core Fund, First American Midcap Growth Opportunity Fund, American Century International Growth Fund, FMI Common Stock Fund, Franklin Mutual Shares Fund Class Z, Harbor Capital Appreciation Fund, Pioneer Fund Class A, Vanguard Institutional Index Fund, Vanguard Mid Cap Index Fund, Vanguard Small Cap Value Fund, Vanguard Small Cap Growth Fund, Dodge & Cox Balanced Fund and the T. Rowe Price International Fund, Goldman Sachs Mid Cap Value Fund, US Bank Stable Asset Fund in increments of 1%. In the absence of such an election, for continuing participants, the prior investment election remains in effect, and for new participants, all contributions are invested in the US Bank Stable Asset Fund.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

1. Description of the Plan (continued)

The following features are available to the Plan's participants:

- The plan account is updated daily, providing daily market valuation.
- A toll-free, 24-hour hotline is available in addition to a website to access plan account information such as total current balance, balance by fund, and a projection feature for various contribution and earnings rate assumptions.
- The hotline and website is available to transfer existing account balances and to change the investment election for future contributions to the Plan as frequently as the participants desire.

Benefit Payments. At retirement, death or disability, a participant is entitled to receive as benefits the amount credited to their account. If employment is terminated for any other reason, a participant is entitled to the portion of their account attributable to their own contributions plus their vested interest in the portion of their account attributable to employer contributions. The participant may request withdrawals from their account in the event of financial hardship, as defined by Internal Revenue Service (IRS) regulations.

Vesting. The portion representing employer contributions vests with the participant as follows:

<u>Years of Vesting Service at the Date of Termination</u>	<u>Percentage of Account Balance Representing Vested Interest</u>
Year 1	0%
2	50%
3	75%
4 or more	100%

Any portion of the employer contributions that has not vested at termination is forfeited after a one year break in service. Forfeitures of employer profit sharing contributions are allocated to remaining participants and forfeitures of employer matching contributions are applied as a reduction of future matching contributions payable by the employer.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Loan Fund. Loans from the Plan are available to the Plan's participants in the event of financial hardship as defined by the IRS regulations.

2. Summary of Significant Accounting Policies

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein during the reporting period and, when applicable disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

The following are the significant accounting policies followed by the Plan:

Method of Accounting. The Plan's financial statements are prepared on the accrual basis of accounting.

Investments. Investments, other than participant loans, are reported at fair value based upon closing quotations on the last business day of the year.

Participant loans are valued at unpaid principal balances.

Purchases and sales of investments are recorded on a trade-date basis.

Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis.

In accordance with the policy of stating investments at fair value, the net change in appreciation (depreciation) in fair value of investments for the year, is reflected in the Statements of Changes in Net Assets Available for Benefits.

Plan Costs and Expenses. In 2004 and 2003, benefit disbursing expenses, trustee fees, investment management service fees, and administrative costs of the Plan were paid for by the Company.

Contributions. Profit sharing contributions from the Company are accrued as authorized at the discretion of its Board of Directors. Contributions from employees and matching employer contributions are recorded in the period the Company makes payroll deductions from the Plan participants.

Benefits. Benefits are recorded when paid.
